

## Inventory Counts Made Easier with the R365 Red App!

Entering Inventory Counts on the R365 Red App is easier than ever! Restaurant Managers can spend less time calculating items and more time on the floor.

**See On-The-Fly Alerts**  
Know when you're out of bounds from the last count.

**Swipe Between Items**  
Swipe left or right to move quickly from item to item.

**Auto-Save**  
Counts save on their own so you can focus on counting.

**Fast Fractions**  
Quick common fraction buttons help to speed up the count.

**Offline Mode**  
No wifi? No problem. Counts will auto-save when you come back online.

**Track Your Progress**  
See how far you've come and how far you have to go.

**Quick Math**  
Use the built-in calculator to do the heavy math lifting.

**Just Tap Enter**  
Move through Units of Measure and from item to item with one giant button.
