

Getting started with the new experience is as easy as 1, 2, 3....

Get Excited – The R365 Smart Ops Release is Coming Soon! Relax – we'll take you to the new Home Screen automatically when it's released. You can find just about everything you need from here!

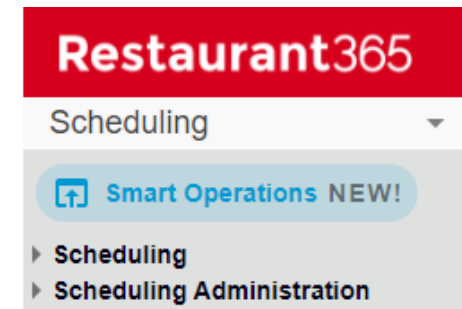

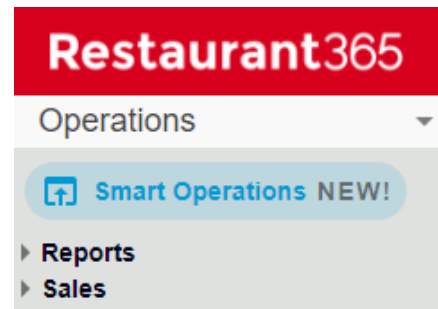

The screenshot shows the Restaurant365 Home Screen interface. At the top is a red navigation bar with the Restaurant365 logo on the left and a user profile 'R365 User' on the right. Below the bar, the main content area is divided into several sections:

- Location:** A dropdown menu currently set to 'Location 1'.
- Weather:** A widget showing 'High: 59° | Low: 39°'.
- Home Message:** 'It's Tuesday, February 23rd. Let's get started!' with a home icon.
- Action Tiles:** A grid of eight tiles: Invoices, Schedule, Inventory, Orders, Transfers, Reports, Waste Log, and Upload Documents. Each tile has a plus sign in the bottom right corner. A red notification bubble with the number '2' is positioned above the Orders tile.
- Analytics Summary:** A section titled 'A Look at Yesterday' and 'Week to Date' with various metrics and a line chart.
- Activity Feed:** A section for 'COMMENTS - 1', 'NEWS - 17', and 'EVENTS - 0' with a text input field and a list of recent comments.
- Labor Lineup:** A Gantt-style chart showing employee shifts for Breakfast, Lunch, and Dinner from 7:00am to 9:00pm.

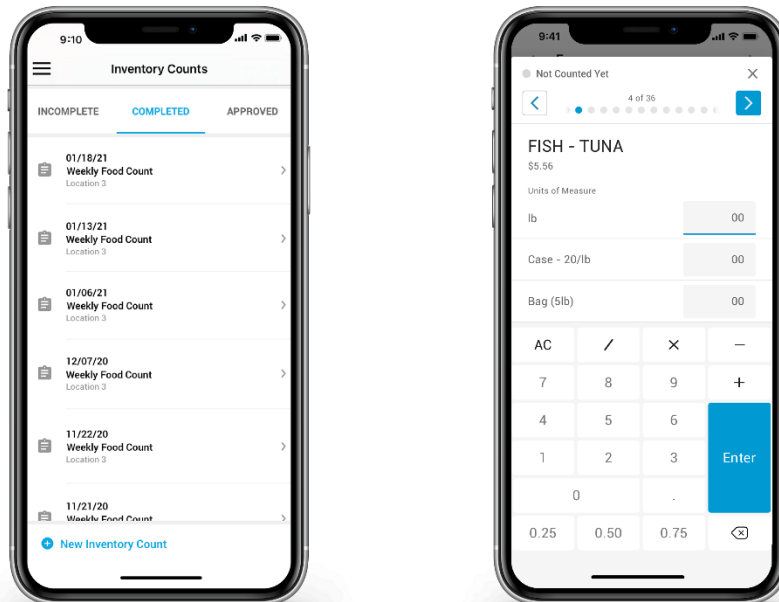

Callout boxes provide the following details:

- Navigate Elsewhere:** Open the left pane to travel to any part of Smart Ops!
- Switch Stores:** Bounce between the Locations you have access to.
- Take Action:** Alert Flags tell which items need attention.
- Weather Details:** View the high and low temperatures for the current day.
- Quick-Add:** Add transactions directly from the Home Screen.
- View Your Stuff:** Jump into a list of transactions.
- Close Out Yesterday:** A quick view into yesterday's DSS. Doubles as a DSS Launch Point!
- Upload Files Easily:** Drag. Drop. Done. (Or just click it.).
- Stay on Track:** Gain insights into the week's Sales and Labor trends.
- Get the Latest Updates:** Enter Comments, send Announcements to Employees, and see Events that are happening today.
- See Who's on Deck:** Check out the lineup of shifts for the entire day and determine staffing based on things like Overtime Warnings and Open Shifts.

While in the Classic R365 Experience, you can navigate back to the Home Screen by clicking 'Smart Operations NEW!' in either the Operations or Scheduling Modules.

One of the key enhancements of the Smart Ops Release is the new Inventory Counts feature on the R365 Red App. You can now complete Inventory Counts on the App with just as much functionality as completing counts via Web Browser. This makes counting inventory items a breeze, so download the R365 Red App and try it out for yourself!
